Choose Your Path

Choose your stream based on what moves you.

Both paths include Mandarin & Taichi immersion to enrich your cultural understanding.

Engineering Stream

- ✓ Aerospace systems exposure
- ✓ Drone & flight mechanics demos
- ✓ Wind-tunnel aerodynamics showcase
- ✓ Automation & robotics interaction
- ✓ Industry collaboration visit via AVIC Industry-University Cooperation Center

Business Stream

- ✓ Economics & management excellence from NUAU Economics Faculty-led sessions
- ✓ China digital retail & payment ecosystems overview
- ✓ Youth consumer & commercial observation study at Xijiekou Commercial District
- ✓ Strategic decision mindset through light simulations
- ✓ Campus innovation case insights

World-Class Facilities

Leveraging NUAA's Premier Infrastructure

NUAA International Education Coordination Team

Logistics, mentoring, and
supervision support.

NUAA Wind Tunnel Lab

Aerospace demo learning.

CIE Drone Maker Lab

Flight challenge and demos.

NUAA Automation Robotics Lab

Live interaction and learning.

Learn the Culture. Find the Rhythm. Build Discipline.

Daily Mandarin Learning

Engage in practical, daily Mandarin sessions designed to fit the student experience, focusing on conversational skills you can use immediately.

Collective Tai Chi Discipline

Participate in collective Tai Chi workshops, a practice that cultivates focus, balance, and a deeper connection to Chinese cultural heritage.
